

## Manual Speed Regulators SERIES MTY

Industrial single-phase Speed Regulators with high benefits and adaptable for small engines and all kinds of domestic or industrial facilities. Each series incorporate minimum speed adjust, fuse protection and spare part included in product (in fuse support).

### Specifications

Voltage	230Vac / 50Hz
Control type	Potentiometer
Switch ON/OFF	Integrated in potentiometer
Regulation	Min. to max. or Max. to min.
Minimum speed	Internally adjustable
Max intensity	0.5A – 4A according model
Min intensity	0.1A – 0.4A according model
Connection	Terminal Block
Fuse	2 x 0.5A – 4A (type HF)

Surface Version

89 x 68 x 81 (mm)

### Advantages

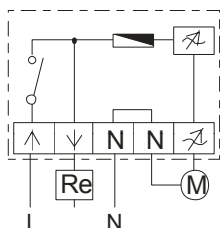

- Special for ventilation systems
- Noise level reduction
- Flow proportion reduction of in centrifugal pumps
- High quality and low price
- Easy installation

### CE Norms

These Seep regulators fulfill following mentioned European norms:  
EMC 89/336/CEE modified by 92/31/CEE and low voltage norm 72/23/CEE  
RoHS compliant

### Scheme connection
